

St Josephs Adolescent School  
Roll No. 20153N

## MISSION STATEMENT

St. Joseph's Adolescent School is a Catholic School which aims to promote the full and harmonious development of all aspects of the individual student: academic, physical, psychological, cultural, moral and spiritual.

St. Joseph's Adolescent School is recognised as a Special School which functions to provide a therapeutic and supportive milieu within the school setting for students experiencing severe emotional and behavioural difficulties, particularly in relation to mental health concerns. We believe education to be a core element of our student's rehabilitation. Our school is committed to the holistic development and achievement of the full potential of students. Our aim is to enable our students to have a positive learning experience in a caring and respectful environment. We believe in the dignity of each individual and aim to foster a sense of inclusiveness and social responsibility.

The tree symbolizes growth, the way in which a young person in St. Josephs might grow and develop....that there is no one static way.
